

UCHE JAPHETH

Junior Data Analyst

Excel • Google Sheets • Data Cleaning • Reporting • AI-Assisted Analysis

Turning raw data into structured insights that support smarter business decisions, streamlined operations, and measurable growth.

camzyxworld@gmail.com +234 915 366 1595 Lagos, Nigeria linkedin.com/in/jappr0

PROFESSIONAL SUMMARY

Detail-oriented Junior Data Analyst with hands-on experience supporting procurement, business operations, and digital projects through data organization, spreadsheet analysis, reporting, and workflow optimization. Experienced in Microsoft Excel, Google Sheets, AI-powered productivity tools, and business documentation to improve operational efficiency and decision-making.

Able to transform unstructured information into organized datasets, build reports and dashboards, maintain accurate records, and identify opportunities for process improvement. Combines analytical thinking with operational experience across procurement, community operations, and digital business management.
